Farewell To Thee

Foreword

Four years ago, when the class of '52 entered the halls of Hurst, we were informed about two things. One was the fact that our happiest days would be spent here, and the second was that the years would pass all too quickly. Both prophecies were no doubt the truest words ever spoken.

The excitement of high school begins the very first day you come to Hurst and continues on for the next four years. These happy memories can only be felt and appreciated by you yourself.

Don't ever think that the friends you've made, the joys you've had, or all the things you've learned during these four years, will ever be forgotten. Even if we, the seniors, would try, we could never forget our first dance in honor of the freshmen, class rings, proms, the farewell, football games, and last of all . . . Senior Day.

Perhaps I'm only speaking for myself, but time has passed all too quickly. Oh, of course there were times when we thought it didn't go fast enough, but now that June is rapidly approaching, a bit of dread is felt by all of us. We begin to wish wholeheartedly that we were little "greenie" freshmen again.

Our class has had many wonderful times together and we seniors will never forget them. Hurst is a great school with a swell faculty and student body and we're going to miss you all immensely.

Dedication

Board of Education

We smile a greeting to the Board of Education! These seven directors, elected by the people, meet on the second Monday of every month. Their duty is to serve and please the people of the district. Sometimes this isn't a very pleasant task. They devote their time and labor toward creating an interest in the public schools among the citizens of the community. They try in their very utmost to serve all of the people all the time.

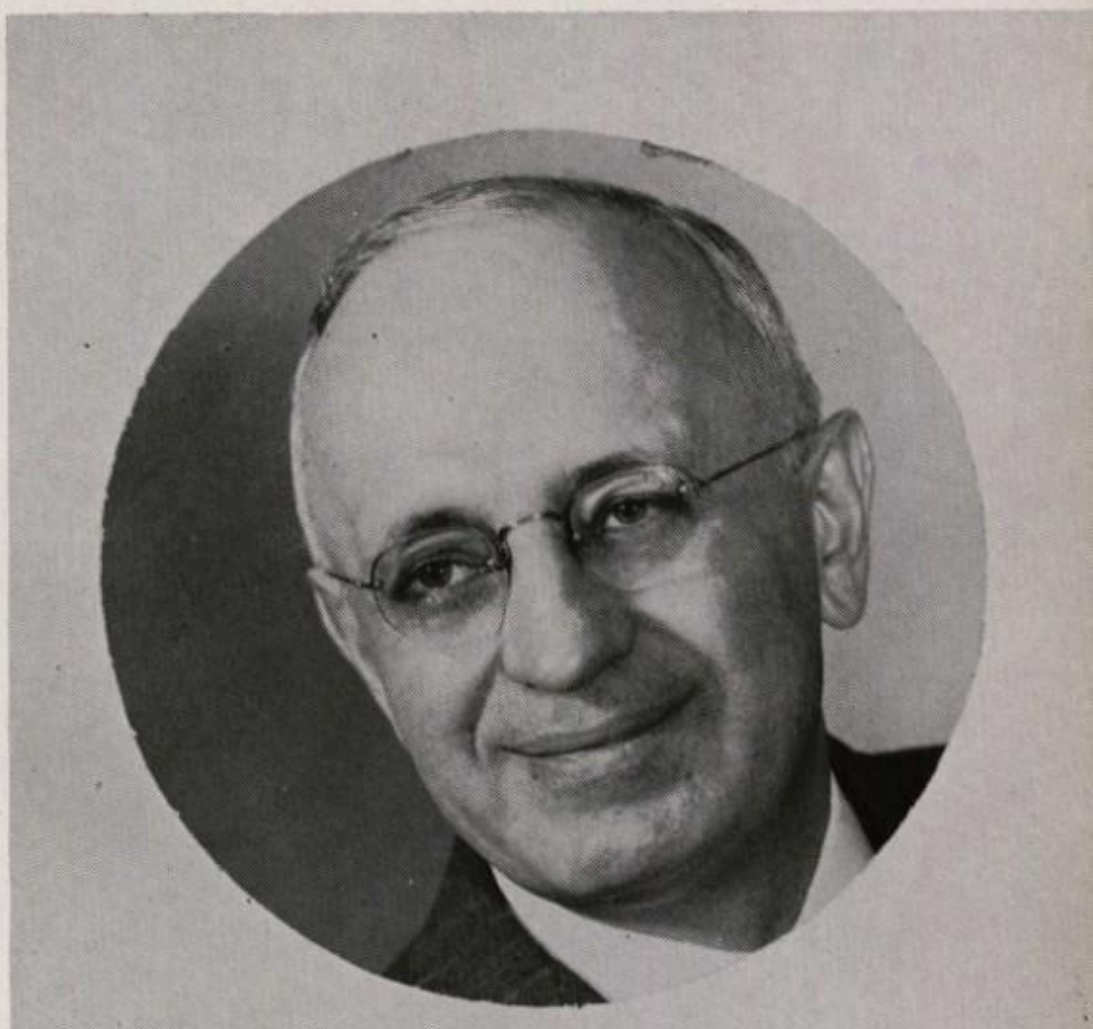
Their active services in the school program affect higher standards of education through which we acquire the advantages of a modern school system.

Our Board of Education is vital to our educational welfare. The members have planned and worked to provide educational facilities with the finest equipment. At one time Hurst High School was not the school of size and extent that it is today. They have recognized our wants and needs and have granted our many wishes. Their main objective is to further the welfare of school life. Criticism is often thrown in their direction, and congratulations are very few, but they try in every way they know how to perform their duties in order to please everyone.

With these few thoughts in mind, we wish to extend our sincere appreciation to the Board of Education which has made our life at Hurst High School one of beneficial preparation and training.

Superintendent

Commencement for the Class of 1952 means that most of its members have completed their formal education. A few may enter and later be graduated from higher institutions of learning. In either case, this should not complete their education. Education is a life process. Your education may be furthered through the medium of the newspaper, magazine, book, radio, television, social contacts, your work, and various life experiences; all constantly presenting ideas and thoughts that should challenge the individual. These thoughts and ideas may be concerned with your moral, mental, physical, or social welfare. Accept the challenge offered. Enjoy the satisfaction of adding to your educational background and putting your training to worthwhile use. More than ever we need alert, intelligent, active citizens who will contribute something constructive toward the solution of individual, local, and national problems.



Principal

"Colophon"

"Colophon" means "the finishing touch." In the publication of this Annual, you, the Seniors, are adding "the finishing touch" to your high school career. In life, be sincere, patient, kind and faithful; cultivate a love for truth and honesty. In so doing your character will be developed, your personality enlarged, and your lives abundantly enriched. Love and tenderness, decency and honor, these are the dreams which inhabit all mankind. These attributes of character will survive forever and ever. These noble things have won out in the past; they will win out in the future. Earth's greatest gifts—happiness, contentment, and success—will then be achieved. Thus you will have gained "the finishing touch."

In September, 1948, two hundred and ten small, frightened freshmen entered the halls of Hurst. Upper classmen and faculty members teased and gave wrong directions to us but we took it with a smile. Before too long, school and vacation was over and we were starting our second year at the old Alma Mater.

The event which we will remember during this year is our biology trip to Pittsburgh. What a time we had when some of the "gang" got lost!!!

During our Junior year, most of us were busy with the Junior Prom, Junior Play, and the various other activities of high school life.

In the fall of 1951, one hundred and forty-two of us again entered our great hall of learning. This time, however, we were starting on our "last lap." We have had good and bad experiences during our four years but now that it is over we wish to leave a thought to the underclassmen:

> If you acquire half of the knowledge put forth to you and half as many wonderful memories as we, the senior class, are taking with us, then you will have achieved something great in your four years of high school.

Upon graduation, a scholarship is awarded to a senior who plans to continue his education. The National Honor Society is under the excellent direction of Miss Fisher. It is one of the outstanding organizations of our school. Annual services are held each spring, so that the junior and senior students who have acquired leadership, scholarship, character, and who have given their services to the school may be received by the society. The N.H.S. encourages students to strive for higher scholastic and moral standards.

National Forensic League

Under the capable direction of Mr. Silvis the National Forensic League completed a successful year. For the students who show a keen aptness in arguing, there is the debating club. Excellent opportunities are offered to sharpen the reasoning powers of the members. Members attend interscholastic speech tournaments and participate in debates. Interested persons may participate at these tournaments. All types of speeches including extemporaneous, dramatic declamation, humorous declamation, original oration, oratorical declamation and poetry are given. Senior members receive a pin for their achievement.

The Library Club elects new members each year. Their duty consists of checking books in and out and to help the students unearth their reference assignments. These cheerful, efficient librarians have officers who preside over the monthly meetings. A skating party or dance is held each year to raise money to buy pins for the departing senior members. Monthly club dues also help to pay for these pins. At the close of the year a party is held to honor the senior members.

Third Row: White, C., Johnson, W., Patterson, P., Porterfield, T., Forys, J.

The membership is composed only of four-year mathematics pupils who try to break down the barriers, largely artificial, which prevent many intelligent people from conquering the beautiful simplicity and ordered sequence of mathematical processes. Many meetings are held throughout the school term to achieve a clear knowledge of the essentials of algebra, geometry, trigonometry and the slide rule. It is known by all that it is a great honor to be a member of the Sigma Rho under the supervision of Mr. Nock.

Familiar words in the sixth period journalism class are "count those words;" "edit that copy." Behind the door of room 102 is a group of students who are as busy as bees. With the aid of Miss Myers, the staff is again at work to edit the 1951-52 term school paper. Along with the advisor is Hallie Craig, the editor-in-chief to help publish the Hurstonian. Each page has two editors. To aid these editors there is an art editor, business manager, circulation manager, copyreader, photographer, and many page typists. The Hurstonian was organized sixteen years ago. To edit a paper it takes a lot of co-operation, hard work, and a lot of new ideas.

One of the best educational clubs in our school is the Latin Club. It is composed of freshman, sophomore, junior and senior students who have studied Latin. This club was organized two years ago by Mrs. Walker, a former teacher and at the present is under the direction of Mr. Taggart. The club has officers who preside over the monthly meetings. Some of the club's work consists of going back to the history of civilization, to find out the facts concerning the early literature of Greece and Rome. The customs of the Roman and Greek people are discussed during the club gatherings. A scientific study of myths (legends) is also made. These activities aid the students in acquiring more knowledge of the Latin language.

Future Homemakers

"The way to a man's heart is through his stomach" is the slogan of the Home Economics Club. Miss Hacker and Miss Galone are the sponsors of the club. Miss Hacker is in charge of the sewing department while Miss Galone may be found among pots and pans in the kitchen. Besides the regular classes, the girls attended the Farm Show at Harrisburg, sponsored a dance, sold Christmas cards, and presented a fashion parade to the rest of the students in order that they might exhibit their coats, suits, and modern dresses. Besides sewing, the girls learn to cook many tempting dishes to serve to their future husbands. Good luck, future homemakers.

Spanish Club

A social organization which acquaints its members with the customs of the Latin American countries is the Spanish Club. Officers preside over the monthly meetings under the capable direction of Miss Thompson. After business matters are discussed a social program of singing and playing games is held at the meetings. Dues are collected in order that the club may award pins to the senior members at the end of each successful year.

French Club

Membership to this club may be obtained by first and second year French students. The customs of the French people are studied and many interesting reports are given by the club members. The members learn a lot about the customs and lives of the French. Miss Thompson, the director of this club, has an amusing time teaching the students to speak and translate French. The studies are hard but the time's well spent.

Senior Chamber of Commerce

The Senior Chamber of Commerce is an organization sponsored by Mr. Freed. The purpose of this club is to acquaint the students with commercial work, so that they will better understand business situations and be able to obtain employment in some business office. Each year the club sponsors a dance or skating party. They also sell Christmas cards to raise funds for the purchase of a new machine for the business department.

Junior Chamber of Commerce

This organization is the junior commercial club of Hurst High. It is composed of freshman and sophomore students interested in business training. Working with other members, it is hoped that they will become more interested and better acquainted with the possibilities and benefits of the business field. The club also helps the Senior Chamber of Commerce to purchase many items for the business training department of our school under Mrs. Jones's supervision.

This club is composed of boys that take industrial arts and is under the supervision of Mr. Christner. Each year Mr. Christner explains the use of hammers, planes and saws to new members. In striving for a degree of advancement in the handling of tools and machinery, each member must learn how to use all the equipment the shop presents. Some of the equipment in the shop is circular saws, a jig saw, metal and wood lathes, sanders, a jointer and a drill press. By learning the use of these tools, the boys have developed their manual ability to a higher degree.

One of the most active organizations at Hurst is the F. F. A. Some of the highlights of their calendar year involves a trip to the Farm Show at Harrisburg and a trip to the Pennsylvania State College. A banquet is held for the fathers of the F. F. A. members. Each year a banquet is also held to welcome the freshman members. Nearly every high school and college which offers a course in argriculture has a Future Farmers of America chapter. To make money the boys participate in various kinds of activities. The F. F. A. is sponsored by Mr. Simon.

The Projectionist Club

Only students who have maintained high academic standards are eligible to become members of this club. This club has been doing a marvelous job and is under the direction of Miss Fausold. She teaches the boys how to operate the Belle and Howell 16m.m. sound projector and provides great opportunities for them to develop their skill. The members of the club are scheduled to operate the projector for movie programs.

The Ushers Club

This club consists of a select group of senior, junior, sophomore and freshman boys. These students number twenty or more energetic boys who are dispatched at many of our activities to take care of the audiences. They also set up scenery for plays and prepare assembly movies. Not only do they shoulder the responsibilities previously mentioned, but also make great contributions to their school. Mr. Kissel is the advisor of this club.

Pit Band

Rah for the Pit Band! Organized by Mr. Shurie, it has become a very definite part of our school. The rendering of selections between scenes during the Junior and Senior plays, entertaining us in assembly programs, and for other school functions make this group very useful.

The persons selected to play in this band are the students that are the best fitted to make this musical unit the best instrumentation possible; therefore it is a great honor to be a member of the Pit Band.

This year the following people were members of the Pit Band:

1st. Clarinet ..... James Balun
1st. Clarinet ..... Theresa Urbanski
1st. Clarinet ..... Peggy Schroll
2nd. Clarinet ..... Theresa Naggy
2nd. Clarinet ..... Leal Brooks

"Hurst High Forever"

The football season this year was very successful for the Hurricanes, winning six and losing four games. In each game, the team was aroused by the cheering of the high spirited crowd. "Win or Lose, Hurst High Forever," is our motto, and we never once went against it. As each game came and went that motto remained instilled in our hearts. Never once did the rooters for Hurst fail in the job they had, and never once did our Hurricanes stop fighting for victory. Students and alumni alike yelled with all their might to arouse the fighting spirit in our players. Many times the players in the backfield plunged forward to a touchdown; but this would not have been possible if it had not been for the able assistance of the tackles, guards, ends, and the center. Not even injuries could stop some of our players; for the true fighting spirit for "Old Hurst High" was there. All in all our material for this year's team was excellent and all in all our team this year was wonderful!

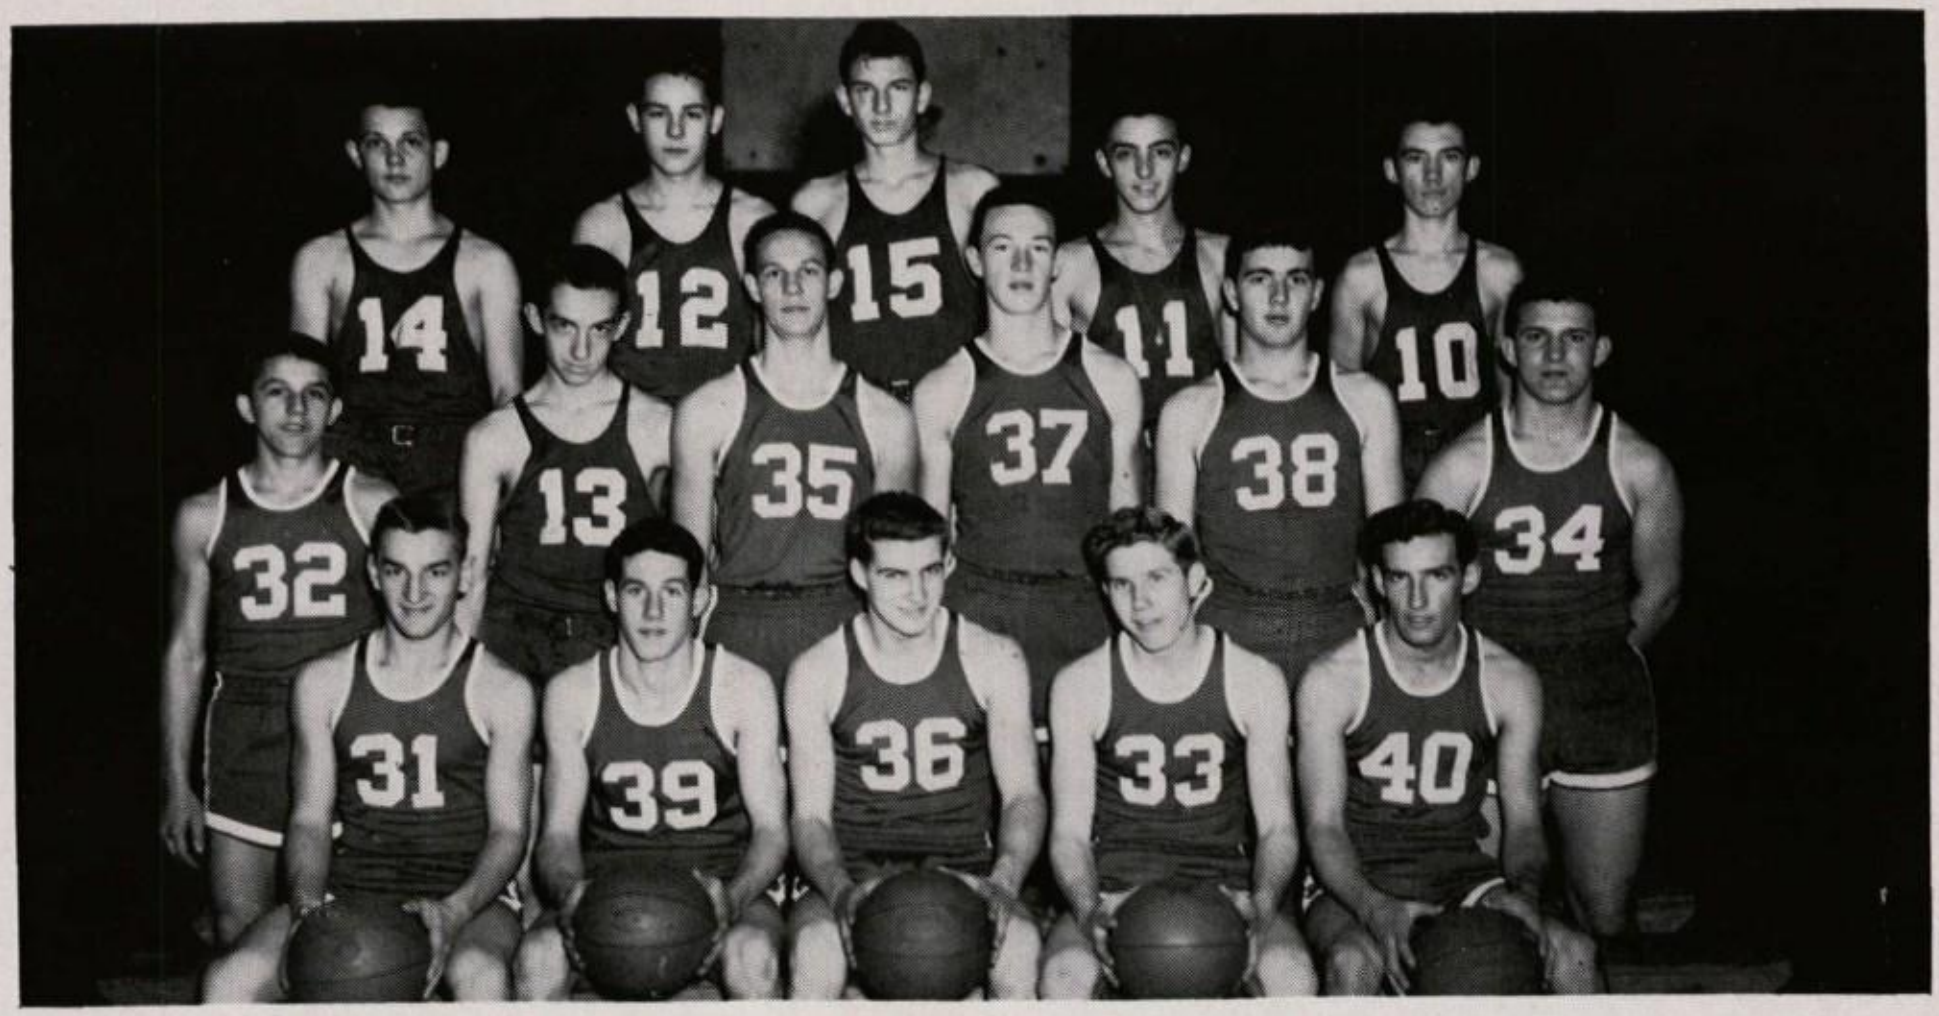
Basketball

Hurst Cagers Become New Threat



During the past few years the Hurricane has been unfortunate as far as basketball, for many of the other teams were too strong or the breaks were against them. Now, after several years of careful rebuilding, Mr. Nock has finally brought forth a team that has the characteristics of those teams which Hurst had in the past. Bobby Forys, a left-hander with a swell hook-shot, has seemed to be the spark of the team as he has been top man in points thus far. Paul Kozusko's and Bill Hoover's neat ball handling along with Jim Bennett's ability to set up plays have resulted in many a tally. The boys on the first team are all seniors and though they are graduating this year, Hurst will have another top team next year in Bobby Resnik, Rich Yurick, Andy Lipko, Bill Misiak, and many other boys that are on the second team this year. If these boys follow in the footsteps of this year's team, they will stand a very good chance to win the championship.

Paul Kozusko—"Ferg" played the position of guard for three years. He was always there to prevent the opposing team from scoring.

James Bennett—"Jim" played the forward position and was one of our high scorers. He was co-captain and always managed to keep the opposing team guessing.

Joseph Forys—"Bobby" was our other co-captain. He delighted the fans with his extraordinary ability to make baskets.

Walter Johnson—"Bud" occupied the position of center or forward. He always gave his team mates the needed encouragement.

William Hoover—"Bill" held down the position of guard. His ability and readiness always helped the team on to victory.

Hurst Nine Capture Championship

Under the brilliant coaching of Mr. Nock, the Hurricane sensations again won the 1951 W.P.I.A.L. Section XIV baseball championship. The Nockmen displayed their array of talent sparked by the right-handed pitching ace, John Patula, teamed with Bobby Forys, a brilliant left-hand hurler. Though the schedule was tough, each member of the team knew his assignment and played his position with amazing strength to help defeat many worthy opponents. The Hurricane fought against the finest pitchers, fielders, and outfielders in the county to attain a record of nine wins and one loss. The team, though losing six players, fought hard to further their reputation of clean sportsmanship. Hurst, again this year, will suffer many losses through graduation, but will undoubtedly turn out another challenging team to others in the league.
